

SUPPLIER INFORMATION FORM

The following information is provided by BURGO GROUP SPA in accordance with Article 16 “Information obligations for suppliers of packaging or packaging materials” of the PPWR.

The material

Chorus Lux (gloss-Satin)

complies with the following requirements:

1. SUSTAINABILITY REQUIREMENTS MET:

- ☒ EN 13428 prevention (for all packaging)
- ☐ EN 13429 reuse (where applicable)
- ☒ EN 13430 recyclability (for all packaging)
- ☐ EN 13432 compostability (where applicable)

2. HEAVY METALS CONTENT

Based on the documentation received from our suppliers and/or on analyses carried out by us, the total content of Cd, Hg, Cr+6 and Pb is below 100 ppm.

3. PFAS CONTENT (IN THE CASE OF FOOD PACKAGING)

Although not intended for food contact, the above listed paper grades supplied to you, based on the information received from our suppliers and the analysis of our production process, do not contain intentionally added PFAS.
