

Declaration on Packaging Placed on the Market in Compliance with Regulation (EU) 2025/40 (PPWR)

Cartiere del Garda monitors and assesses the implementation of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR), which entered into force on 11 February 2025 and will become generally applicable from 12 August 2026.

This statement relates exclusively to the **packaging placed on the market by Cartiere del Garda** for the dispatch, protection, bundling and transportation of all products manufactured by Cartiere del Garda.

In this context, Cartiere del Garda uses different types of packaging materials, including, as applicable, wooden pallets, kraft or wrapping paper, cardboard, edge protectors, boxes, sheets, interleaves, strapping, films, tapes, labels and other accessory components.

Cartiere del Garda hereby states that it has been identifying such packaging in order to collect and review the technical and documentary information relating to these packaging components and progressively adapt its documentation in line with the implementation timetable established under the Regulation.

Substances and PFAS

For products marketed by Cartiere del Garda, the packaging used for the dispatch, protection, bundling and transportation of its products is neither designed nor intended to come into contact with food. Consequently, the PFAS restrictions set out in the Regulation do not apply to such packaging.

Cartiere del Garda continues to expand and review the technical information provided by its suppliers in order to better document and communicate compliance with applicable substance-related requirements to its customers.

This statement is provided for general informational purposes only and relates exclusively to the packaging placed on the European market by Cartiere del Garda in connection with products manufactured by Cartiere del Garda.
