

## Statement on European Packaging and Packaging Waste Directive 94/62/EC

Eska B.V. hereby declares that it is in full compliance with the requirements of the European Packaging and Packaging Waste Directive 94/62/EC, as implemented in Dutch law through the *Verpakkingen richtlijn* and associated taxation measures.

All Eska products placed on the market are packed on wooden pallets sourced from sustainably managed forests. The board stacks on these pallets are wrapped in transparent foil, which is fully reusable.

### Eska's further commitments

- Minimization of packaging materials: We have implemented measures to reduce packaging material usage wherever possible.
- Use of recyclable, compliant materials: All packaging materials are recyclable and comply with legislation on heavy metals, enabling customers to dispose of them through local collection systems in an environmentally responsible way.
- Compliance with taxation requirements: We register and report all packaging material usage at our production sites and pay the applicable Dutch packaging taxes.
- Separate collection of waste streams: We collect waste from all activities in separate streams to maximize reuse potential in an environmentally responsible manner.
- Regulatory reporting: We register and report all relevant data regarding the collection and disposal of waste streams to the appropriate Dutch and European authorities.
