

Altavilla Vicentina, January 24th 2024

Objet: Regulation REACH (European Regulation for Registration, Evaluation and Authorization of Chemicals – SVHC)

Referring to the REACH Regulation (N° 1907/2006), and to the “Candidate list” of SVHC substances, at the present state of our knowledge and based on the evidence given from the technical and safety data sheets of our suppliers, if available

We declare that

Our company does not produce or import any of the substances (pure, or as component or included in articles) listed in the “Candidate list” as for the updated version 23/01/2024.

During our manufacturing process substances whose use is subject to restriction (Annex XVII – updated version) or authorization (Annex XIV – updated version 23/01/2024) regime are NOT intentionally used.

The default threshold level of these substances is set to 0.1% by weight of the product unless a different lower limit specified by legislation, industry standard or agreement.

The prohibition or reporting requirement doesn't apply when a chemical substance, that is, non-desired occurrence in very low concentrations, not exceeding 0,1% by mass under any circumstances.

Our Company is committed to communicating any changes to the production process involving substances included in the “Candidate list”.

Our Company pledges to communicate any eventual amendments to the present declaration, if necessary, when new items are added to the “Candidate list”.
